

ARGINAID®

nestlehealthconnect.com.au/products/arginaid

ARGINAID®

SIZE: 1 box contains 14 x 9.2g sachets (Carton contains 6 boxes)

Available in 2 flavours:

- Lemon
- Orange

ARGINAID® is a fat free arginine powder designed for people with chronic wounds. Suitable for oral or tube feed use and provides 0.11 kcal/mL. Mixes quickly and easily with water.

ARGINAID® powder is a medical food arginine module specially formulated for the dietary management of altered physiologic or metabolic conditions that respond to increased arginine intake.

Nitrogen information

- One serving of ARGINAID® powder provides 4.5g of the amino acid L-arginine (1.4 grams nitrogen)
- A single amino acid does not meet the dietary requirement for protein.

Due to the moderate acidity (pH 3.0-4.0) of Arginaid®, consult with a medical professional prior to use in a surgical jejunostomy.

ARGINAID® is a food for special medical purposes specifically formulated with L-Arginine for the nutritional management of wounds. Must be used under medical supervision. Not suitable for use as a sole source of nutrition. Contains Phenylalanine.

Energy Density* = 0.11 kcal/ml = 0.44 kJ/ml

Energy Distribution

- Protein L-Arginine (4.5g Per Serve)
- Carbohydrate 5g Per Serve
- Fat 0g Per Serve

Osmolality = 170 mOsm/kg water *Based on 1 sachet plus 237mL water.

No Gluten Containing Ingredients

Suitable for Vegans

Clinical Indications

- Burn injury
- Diabetic ulcers
- Pressure ulcers
- Skin breakdown
- Ulcers on legs and feet
- Chronic and slow to heal wounds (i.e. take more than 4-6 weeks to heal)

Usage

STIR BRISKLY BEFORE USE

Mix one pack (9.2g) with 177 to 237mL of water, stir briskly and consume.

Two separate servings of ARGINAID® per day.

Servings may vary according to individual assessment by a qualified health care provider.

Storage: Store unopened powder packets in a cool dry place. After mixing, cover and refrigerate any unused portion. Use within 24 hours. Stir briskly before use.
