Valine50 Valine1000

Valine50 ACBS 🗸 GMS 🗸 PBS 🗸 Valine1000 ACBS 🗌 GMS 🗸 PBS 🗸

Description

Food for special medical purposes.

A powdered valine amino acid supplement on a carbohydrate base.

Indications

For the dietary management of inborn errors of amino acid metabolism from birth.

Dosage and Administration

To be determined by the clinician or dietitian and is dependent on the age,

body weight and medical condition of the patient.

Preparation Guidelines

To be determined by the clinician or dietitian

May be used in low protein diets in a variety of ways:

- · Mixed in with protein substitute
- · Added to modular feeds.
- Incorporated into other permitted food or drink.

Valine50 (4g) = 50mg of L-Valine Valine1000 (4g) = 1000mg of L-Valine

IMPORTANT NOTICE

Must only be given to patients with proven inborn errors of amino acid metabolism under strict medical supervision.

Suitable from birth.

Children under 12 months: when made into solution or added to infant formula, use immediately and discard any remaining within 1 hour.

Not for use as a sole source of nutrition.

For enteral use only.
