

PROZERO™

PROTEIN FREE ALTERNATIVE TO MILK

ACBS GMS PBS

Description

A food for special medical purposes.

ProZero™ is a protein free, liquid blend of carbohydrate and fat.

Indications

ProZero is for use in the dietary management of inborn errors of metabolism from 6 months of age.

Dosage and Administration

To be determined by the clinician or dietitian and is dependent on the age, body weight and medical condition of the patient.

Preparation Guidelines

Shake well before use.

Best served chilled.

ProZero can be used in a similar way to milk:

- As a drink.
- On permitted cereal.
- Added to tea or coffee
- In permitted recipes.

IMPORTANT NOTICE

Must only be given to patients with proven inborn errors of metabolism under strict medical supervision.

Suitable from 6 months of age

Not for use as a sole source of nutrition.

For enteral use only.
